

Ziggy Scarf

A long scarf with lovely structure that fits both her and him. Due to the softness of the yarn, the scarf is very comfortable to wear. The pattern can easily be adjusted in size.

Design: @virkevira

Yarn: Katia Atlantic from www.favoritgarner.com – For yarn alternatives, please see page 2.

Yarn facts: 50 gram, 140 meter, crochet hook 4,0 mm, gauge 19*27 stitches = 10*10 cm, material: modal 50%, acrylic 50 %

Start with 253 chain stitches.

1. (Color 2) Start with a half double crochet in the third chain from the hook and make 1 halfdouble crochet in every chain. You should end up with 251 half double crochets. The side of the work facing you is the front. Cut your yarn.
2. (Color 3) Front of work facing you, start with a standing half double crochet in the third loop of the first half double crochet from previous round. Then make 1 halfdouble crochet in the third loop of every half double crochet. Cut your yarn.
3. (Color 2) As round 2.
4. (Color 3) As round 2.
5. (Color 2) As round 2.
6. (Color 1) Start (the front facing you) with a standing single crochet in the third loop. Then make 1 single crochet in the third loop of every every stitch.
This is the first row of the diagram. Note that the diagram only shows a part of the whole scarf.

From now on, you will crochet in both loops and turn your work after every row with a chain stitch. The first single crochet of every row is made in the last stich of the previous row. The last single crochet is made in the first single crochet of the previous row. This way you avoid crocheting in the turning chain and your edges become nice and straight.

Continue by following the diagram. Every white square is 1 single crochet and every black square is a bobble stitch that consists of 5 double crochets together. When making these stitches, the back of your work will be facing you. As you can see below, the rows when the front is facing you, consist of single crochets only.

When you have made the last row of the diagram, cut your yarn.

7. (Color 2) Start (front facing you) with a standing halfdouble crochet and make 1 halfdouble crochet in every stitch. Cut off your yarn.
8. (Color 3) As round 2.
9. (Color 2) As round 2.
10. (Color 3) As round 2.
11. (Color 2) As round 2.
12. (Color 2) Start with a standing single crochet in the third loop of the first halfdouble crochet and make 1 single crochet in the third loop of every stitch. Cut off your yarn and secure your ends.

Things that makes you go “Ooooh” – Block your work!

When you’re done, always block your work. It will make such a difference! Wash (don’t use softener) or mist your work with a spray bottle until damp and smooth it out on a flat surface. Place rustproof pins in the ends of the longest and widest edges, then place pins about 1 inch apart. Let dry 24-48 hours.
